

## **NEW DIRECTION**

**Music: Julie Brind'Amour, Dan Auger**

**Lyrics: Richard Domm**

**You a almost made me go insane  
Things a started feeling oh so wrong  
Heaven knows that you'll still be the same  
Once a million years have come and gone  
So...**

### **CHORUS**

***I'll be moving in a new direction  
Better save a place for me  
Cause I will, will be making my way  
Won't stop now an' let life pass me by  
Cause I am getting stronger each day  
Don't wait around I don't need you no more***

**No!**

**No nobody sees just what I see  
In a paper cup a mystery  
See me getting up to cross the room  
I'll be saying hi and pretty soon**

**(CHORUS)**

**(SOLO)**

### **CHORUS**

***I am moving in a new direction  
Better save a place for me  
Cause I will, will be making my way  
Won't stop now an' let life pass me by  
Cause I am getting stronger each day  
Don't wait around I don't need you no more***

**Don't wait around, No, No**

**Don't wait around, Yeah**

**I don't need you, I don't need you, I don't need you, no more...**
