

## **SUMMER DESTINATION**

**Music: Julie Brind'Amour, Dan Auger**

**Lyrics: Richard Domm**

**It seems  
a not so long ago  
I was sitting there  
with friends**

**We danced  
felt young and free  
creating memories  
let the music fill our soul**

### ***CHORUS***

***Driving on down  
to a summer destination  
Memories of  
The (some) good times that we had***

***Thinking of love  
and laughter feeling free again  
with a cool summer breeze  
here a talking to me  
It's a taking me back again.***

**We walked  
clouds meand'ring by  
kissing summertime  
sunshine.**

**We cryed  
over days gone by  
'bout our destiny  
an' for lives slipping away.**
