

TALK WITH ME

Music: Julie Brind'Amour & Dan Auger

Lyrics: Dan Auger & Richard Domm

Tell me

**Why does it seem so long
That you have been gone
No you're not comin' back**

Why

**You left me oh too soon
If only I could tell you
Tell you what I'm feeling**

**You meant so much my friend
That no matter how I try
I can't stop from crying
Will I ever see you again?**

I

**Can feel you all around
I'm listening for the sound
Of your voice I miss you**

CHORUS

***So talk with me in my dreams
Walk with me while I sleep
Dance with me in my dreams
Until the music ends***

You

**Were always there for me
Whenever I needed you
All I had to do was call**

I

**Must understand somehow
That it's better off this way
Than to not have you at all**

**You meant so much my friend
That no matter how I try
I can't stop from crying
Will I ever see you again?**

(CHORUS)

***...Won't you dance with me in my dreams
Until we meet again***
